OBJECTIVE

To leverage my Master of Computer Applications (MCA) degree and strong academic foundation in computer science to secure a challenging position in the IT field. I aim to apply my technical skills, problem-solving abilities, and knowledge of software development methodologies to contribute effectively to innovative projects and drive organizational success. I am committed to continuous learning and professional growth, with a focus on developing solutions that enhance user experience and optimize system performance.

EDUCATION

Master Of Computer Applications

Bangalore North University/ Krupanidhi College of Management 2023-25 Present

Bachelor Of Computer Applications

University of Calicut/ St. Mary's College, 7.5 CGPA 2020-2023

SKILLS

Programming Languages: C (Intermediate), Java (Intermediate), Python (Intermediate), HTML (Intermediate), PHP (Beginner), ANDROID (Beginner)

Database and Language: MySQL, SQL (Intermediate)

Frameworks: Working experience in Django Python

Version Control Tools and IDE: Visual Studio Code, GitHub

Tools and Software: MS Word, MS Excel, Canva, Adobe Photoshop

Course Work: Database and management system, Object-Oriented Programming, Software Development, Computer Networks, Operation systems, Data Structures and Algorithms, Cryptography and Network Security, Unix Programming, Cloud Computing, Artificial Intelligence, Machine Learning

Soft Skills: Collaboration, Communication, Planning, Teamwork, Time Management, Leadership, Adaptability, Critical Thinking, Problem Solving, Professional Development, Innovation, Guidance and Coordination in a productive Team. Project Management, Stakeholder Management, Risk Management, Maintaining Quality Standard through Quality Assurance and Quality Control

PROJECTS

Project name: [BESTOW- Online Charity App](#)

Project Description: BESTOW is an online platform for charity donations that aims to overcome the drawbacks of traditional charity organizations. It is designed to facilitate online giving, automate donation processes, provide real-time tracking of funds, and reduce manual errors in managing contributions

Contribution: Front end, Database, Documentation, Utilizing Design Principles and color scheme for an effective user experience while incorporating user centered design to ensure the platform is user friendly and addresses user research findings and implements an agile approach throughout the project life cycle.

Tech stack used: Flutter (Dart), Firebase

ACHIEVEMENTS & EXTRA-CURRICULAR ACTIVITIES

CERTIFICATE COURSES:

- [Fundamentals of Full Stack Development - EXCELR](#)
- [Java Foundations - UDEMY](#)
- [Fundamentals of Cloud Computing - UDEMY](#)
- [Career Edge - TCS iON](#)
